Freedom of Information Act Request: Labor Voting EO Strategic Plan

Dear FOIA Officer:

America First Legal Foundation is a national, nonprofit organization working to promote the rule of law in the United States, prevent executive overreach, and ensure due process and equal protection for all Americans, all to promote public knowledge and understanding of the law and individual rights guaranteed under the Constitution and laws of the United States. To that end, we file Freedom of Information Act (FOIA) requests on issues of pressing public concern, then disseminate the information we obtain, making documents broadly available to the public, scholars, and the media. Using our editorial skills to turn raw materials into distinct work, we communicate with a national audience through traditional and social media platforms. AFL's email list contains over 33,000 unique addresses, our Facebook page has over 35,000 followers, our Twitter page has over 14,000 followers, the Twitter page of our Founder and President has over 182,000 followers, and we have another 29,000 followers on GETTR.

Pursuant to 5 U.S.C. § 552(a), AFL requests the following records.

I. Requested Records

- A. The Department's "strategic plan," that was required by Section 3(b) of Executive Order 14019 (March 7, 2021) on "Promoting Access to Voting," to be submitted to the Assistant to the President for Domestic Policy by September 23, 2021.

II. Processing

The Department must comply with the processing guidance in the Attorney General's Memorandum on Freedom of Information Guidelines.¹ This means, among other things, the following.

- You may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates; or (2) disclosure is prohibited by law.
- Information that might technically fall within an exemption should not be withheld unless you can identify a foreseeable harm or legal bar to disclosure. In case of doubt, openness should prevail.
- If you cannot make full disclosure of a requested record, then the FOIA requires that you consider whether partial disclosure of information is possible and take reasonable steps necessary to segregate and release nonexempt information.
- You must properly apply the foreseeable harm standard by confirming for and demonstrating to AFL that you have considered the foreseeable harm standard when reviewing records and applying FOIA exemptions.
- Redactions are disfavored as the FOIA's exemptions are exclusive and must be narrowly construed. If a record contains information responsive to a FOIA request, then you must disclose the entire record, as a single record cannot be split into responsive and non-responsive bits. AFL's request includes any attachments to those records or other materials enclosed with a record when transmitted. If an email is responsive to our request, then our request includes all prior messages sent or received in that email chain, as well as any attachments.
- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. In conducting your search, please give full effect to all applicable authorities and broadly construe our Item and your obligations to provide responsive records.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA. It is not adequate to rely on policies and procedures that require officials to move records to official systems within a

certain time. AFL has a right to records in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.

- Please use all available tools to conduct a complete and efficient search for potentially responsive records. Many agencies have adopted the National Archives and Records Administration (“NARA”) Capstone program or similar policies. These provide options for searching emails and other electronic records in a manner reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; you may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- If some portions of the requested records are properly exempt from disclosure, then please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted before our Items are processed. If potentially responsive records are subject to potential deletion, including on a scheduled basis, please prevent deletion by instituting a litigation hold or other appropriate measures.

IV. Fee Waiver

Per 5 U.S.C. § 552(a)(4)(A)(iii), AFL requests a waiver of all search and duplication fees associated with this request.

First, AFL is a qualified non-commercial public education and news media requester. AFL is a new organization, but it has already demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website. For example, its officials routinely appear on national television and use social media platforms to disseminate the information it has obtained about federal government activities. In this case, AFL will make your records and your responses publicly available for the benefit of citizens, scholars, and others. The public’s understanding of your policies and practices will be enhanced through AFL’s analysis and publication of the requested records. As a nonprofit organization, AFL does not have a commercial purpose and the release of the information requested is not in AFL’s financial interest. This has previously been recognized by the Departments of Defense, Education, Energy, Interior, and Homeland Security, and the Office of the Director of National Intelligence.

Second, waiver is proper as disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government.”² AFL’s request concerns identifiable operations or activities of the government, and the information requested is likely to contribute significantly to the public understanding of the steps taken by the Biden Administration across the federal government to expand access to voter registration and election information.

V. Production

To accelerate release of responsive records, AFL welcomes production on an agreed rolling basis. If possible, please provide responsive records in an electronic format by email. Alternatively, please provide responsive records in native format or in PDF format on a USB drive. Please send any responsive records being transmitted by mail to America First Legal Foundation, 611 Pennsylvania Ave SE #231, Washington, DC 20003.

If you have any questions about this request or believe further discussions regarding search and processing will speed the efficient production of records of interest to AFL, then please contact me at FOIA@aflegal.org. Finally, please contact us immediately if AFL’s request for a fee waiver is not granted in full. Thank you in advance for your cooperation.

Sincerely,

/s/ Michael Ding
