

Wes Moore, Governor  
Aruna Miller, Lt. Governor  
Ian Ullman, Acting Director

13 January 2026

Dear Bobby Crossin,

This letter is in response to your request under the Maryland Public Information Act, dated December 19, 2025, to the Maryland Energy Administration (“MEA”).

Your MPIA request sought:

1. All records of any agency findings, assessments, analyses, or determinations identifying an increase in harmful air pollutants, including nitrogen oxides, sulfur dioxide, or greenhouse gas emissions, within the State of Maryland after January 20, 2025, to present.
2. All records identifying or documenting adverse effects on Maryland’s (a) navigational safety interests; (b) transportation interests; (c) state security interests; (d) state commercial or economic interests; and (e) marine mammals within the state, that the agency has assessed, analyzed, or communicated after January 20, 2025, to present.
3. All records of any agency findings, assessments, analyses, or determinations for cancellations of wind-energy projects that have resulted in documented adverse climate effects to the State of Maryland after January 20, 2025, to present.

After an extensive review, we do not have any documents responsive to your request.

Pursuant to Md. Code Ann., Gen. Prov. § 4-362, you are entitled to seek judicial review of this decision. Alternatively, you may file a request for mediation with the Public Access Ombudsman and, if the Ombudsman is unable to resolve the matter, you may subsequently seek a resolution from the Public Information Act Compliance Board for those matters within its jurisdiction.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Malveaux".

Gary Malveaux  
MPIA Officer

Maryland Energy Administration

Cc: David A. Shapiro, Esq., Assistant Attorney General
